BEHIND CLOSED DOORS

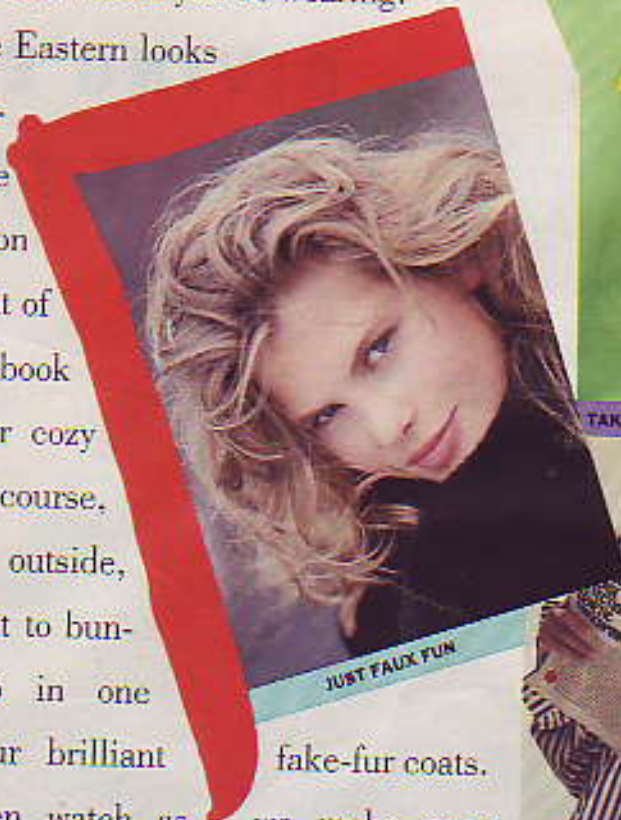

What's the first thing you think of when you think of November? If you're anything like us, you're eagerly anticipating all the holiday parties. And what'll you be wearing?

EASTERN WINDS

How about one of the fantastic Eastern looks

we've got in this issue? A magical fashion statement this time of year. Fall is also the season when you can kick back in front of a roaring fire and read a great book (possibly wearing some of our cozy lingerie pieces). Of course,

JUST FAUX FUN

when you're outside, you'll want to bundle up in one of our brilliant fake-fur coats.

Then watch as we make over three friends with all-new hair and makeup. Till next month.
